DREAMSCAPE NETWORKS ADDS ZIPMONEY TO PORTFOLIO, SUPPORTING CUSTOMERS CASH FLOW MANAGEMENT

Dreamscape Networks Limited (ASX:DN8) is pleased to announce that it has added the zipMoney “buy now, pay later” platform to its portfolio of accepted payment options.

zipMoney is a valuable addition for Dreamscape Networks customers, as part of the company’s mission to make it easy and affordable for companies of all sizes to succeed online. Offering a more flexible purchasing and checkout experience, customers can now pay for their web domains, hosting, online solutions, and website packages in interest-free installments.

Chief Operating Officer, Gavin Gibson, said: “Working with the small to medium business sector to help them establish and grow their online presence, we really understand the cash flow challenges that this can present. “Whether our customers are just starting their business or starting the business’ online journey, we partner with them to provide affordable online solutions.”

Flexible payments means that an ambitious small or medium-sized business can take advantage of the full ‘Ultimate Empire’ website package, and start realising benefits online right away, without the need for large upfront payments.
