

## DREAMSCAPE NETWORKS COMPLETES QUADRA HOSTING ACQUISITION

Dreamscape Networks Limited (ASX: DN8) is pleased to announce that it has completed the acquisition of the customers, systems, and brand assets of the business operating as Quadra Hosting as of 31 January 2018.

### Quadra Hosting

Quadra Hosting is a Gold Coast-based business with a solid local reputation. Principally focused on web hosting, approximately 95% of Quadra's business comes from Hosting, with 5% coming from re-selling Domain Registrations.

### Another strategic "bolt on" Australian Acquisition

Quadra Hosting is the third local "bolt on" acquisition by Dreamscape Networks in the past 10 months, continuing the strong strategic rationale of consolidating local hosting businesses under the Dreamscape Networks umbrella.

Following Dreamscape Networks' key acquisitions of Net Logistics and Enetica Group, Quadra's acquisition fits into the company's robust and newly-bolstered infrastructure in place in Sydney.

Dreamscape Networks aims to bring increased value to Quadra customers by using recently-upgraded technology platforms, while improving customer service and marketing capabilities via its dedicated hosting brand, Vodien.

### Key Highlights

- Quadra Hosting generated circa \$1.35 million of revenue and \$0.8 million pro forma EBITDA in the 2017 financial year (unaudited management accounts), equating to an acquisition multiple of 3.2x EBITDA pre-synergies. With full year cost savings from integration into the overall Dreamscape Networks' business the acquisition multiple is expected to equate to approximately 2.7x 2017 EBITDA post-synergies
- The acquisition is expected to be EPS accretive (five month ownership) in the 2018 financial year, with the full benefits of the acquisition being seen in the 2019 financial year.
